# PHOENIX ARTIST WATERCOLOR CANVAS

## P6031SB

Special formula, four coats for all water-based paints

Pine stretched bars / FSCTM certified-pine stretcher bars

- Professional frame construction with kiln-dried, beveled stretcher bars avoid to be touched by the brushes on painting.
- 8pcs of wooden wedges to re-tighten the canvas.
- Stretched by hand for the best tension and tailored corners.
- Specially formulated gesso for all water based paints.
- Excellent water absorbency accepting all water media.
- Superb pigment lifting ability for easy washes and corrections.
- Scratching or scraping the surface will not harm the canvas which will not tear like watercolor paper does.
- Tighten canvas will not buckle like watercolor paper when wet.

PROFESSIONAL

## P6031PSB

Advanced nanomaterial formula, four coats for superior water absorption(paper-like feel)

Accept all water media and mixed media techniques including acrylic, tempera, gouache, ink, watercolor pencil, pouring art, and etc. Water-based paint can be freely painted with intense, light, thick or thin colors, performing paper-like rendering effects. Offers paper-like diffusion, rich painting texture and water marks expression. Scratching or scraping the surface will not harm the canvas.

### PRO WATERCOLOR CANVAS

- ✓ **Texture** : Medium-coarse (authentic watercolor paper feel)
- ✓ **Core Tech** : Advanced Nano-material Coating (4-layer treatment)
- ✓ **Key Advantages**:
  - 30% faster drying time
  - Exceptional water absorption prevents puddling
  - Smooth color transitions with minimal pigment settling
  - Ideal for: Detailed washes & multi-layer techniques

## P6031SB VS P6031PSB Watercolor Canvas vs. New Pro Canvas Performance

### P6031SB

Suitable coating  
formula for all  
water-based

Fine texture  
±250g/m²

### P6031PSB

Advanced  
nano-coatings

Medium Texture  
±260g/m²

- ✓ Enhanced 260gsm weight for better warp resistance
- ✓ Superior pigment control for cleaner color mixing
- ✓ Natural diffusion mimicking premium watercolor paper

FINE  
TEXTURE

MEDIUM  
TEXTURE

## ARTIST WATERCOLOR CANVAS

BUILT FOR WATER. MADE FOR ARTISTS.

### 100% COTTON CANVAS – DURABLE AND REUSABLE

Made with high-density woven 100% cotton, the surface resists pilling and warping even after repeated washes and corrections. Ideal for long-lasting artworks and multiple painting layers without degradation.

### STRONG SUPPORT FOR MIXED MEDIA – VERSATILE TECHNIQUES WELCOME

The reinforced canvas structure handles various tools and media—including palette knives, brushes, quartz sand, modeling paste, and heat guns—making it perfect for experimental and mixed media creations.

### INNOVATIVE WATERCOLOR COATING – NATURAL FLOW, RICH TEXTURE

Our patented coating allows smooth color blending and natural diffusion, supporting both wet-on-wet and dry techniques. Easily achieve complex textures, watermarks, and gradient transitions with professional control.

### CLEAN LAYERING – NO MUDDY COLORS

The advanced surface prevents color contamination between layers, preserving clarity and vibrancy. Even with multiple overlays, hues stay fresh and luminous, perfect for detailed and expressive compositions.

## ARTIST'S WATERCOLOUR BOARD

### PROFESSIONAL

#### PGBW19

**TIP:** Lightly wet the surface with a flat watercolour brush to activate absorption. Once the surface is damp but not overly wet, apply colour for the best results.

#### UNPRIMED HARD BOARD SERIES INNOVATION

- ✓ Gallery-ready 3/4" cradled hardboard
- ✓ Acid-free textured surface
- ✓ Warp & moisture resistant
- ✓ Direct wall hanging (no additional framing)
- ✓ Compatible with: Watercolor • Gouache • Ink • Acrylic

- Advanced Nanomaterial Coating – Offers superb lifting ability, greater durability than cold-pressed watercolour paper, and allows for easy washes and corrections.
- Medium Texture – Enhances colour vibrancy, absorption, and control.
- Multi-Media Compatibility – Ideal for watercolour, gouache, ink, acrylic, and mixed media, ensuring smooth application and seamless blending.
- Warp-Resistant – Maintains a stable coated surface without warping.
- Ready-to-Hang Design – 3/4" cradled hardboard with solid wood strips allows for easy hanging or framing.
